Become an Infante Sano Diplomat

Infante Sano Diplomats are the centerpiece of our program to promote healthy births for the 13 million children born each year in Latin America and the Caribbean.

To become a Diplomat all you have to do is:

1. Sponsor a clean, safe birth for a mother and her child every month for a year for \$300. You can do this on the web by going to www.sponsorabirth.org and clicking "sponsor" OR, if you prefer you can send in a check make out to Infante Sano:

760 Main Street, 2nd Floor
Waltham, MA 02451

2. Actively promote Infante Sano's "Sponsor a Birth" program to at least 10 friends. You can do this by talking to your friends and / or sending them a flyer with a personal note about why you think Infante Sano's work is so important. We will send you fliers by email or snail mail when you sign up to be a Diplomat. Or, just call (781.894.8050) or email us (sarah@infantesano.org).

Become an Infante Sano Advisor

Infante Sano could not be successful without the advice and support of a diverse group of people. We welcome and encourage advice from our donors of all levels.

Donors who contribute between \$25,000 and \$100,000 are considered Infante Sano Advisors, and are people we meet with individually at least once a year to discuss our progress and solicit their input and suggestions. We ask them to connect us to at least one foundation and one other donor who they think would be interested in learning more about us and being involved.

Become an Infante Sano Ambassador

Our Ambassadors are the backbone of Infante Sano's giving, generously making sustaining commitments that allow us to rapidly and responsibly expand our programs and introducing our programs to their communities.

Each of our Ambassadors has agreed to:

- 1) Contribute at least \$100,000 per year for five years,
- 2) Introduce us to three potential Ambassadors,
- 3) Introduce us to at least one foundation,
- 4) Hold one party each year introducing us to leaders in their local communities, and
- 5) Attempt to visit our programs in Latin America at least once every three years
